Show Terms and Rules

In answer to Mrs. F. S. Matthews' suggestions in the September Cat Review we quote from the Cat Fanciers' Federation show rules:

"The word 'cat' is used in these rules to indicate a domesticated feline of either sex, or a neuter, of adult age (over eight months). A kitten is an immature cat under the age of eight months, but to be eligible for showing it must be between the ages of four and eight months.

"An American cat is one born in the United States, or Canada, of a dam resident in the United States, or Canada, at the time of mating.

"The breeder of a cat is the person who owns or has leased the dam at the time of mating.

"Any cat of sound health is eligible for exhibition at shows held under the rules of this Federation, and may compete and be entitled to win in any class.

"Three classes shall be recognized for each type—Open, Novice and Kitten. The Open Class is for cats of either sex over eight months old.

"The Novice Class is for cats over eight months old that have never won a first prize, kitten wins excepted, at any sanctioned show in the United States or Canada previous to the opening day of the show. Imported cats may not be entered in the Novice Classes.

"The Kitten Class is for any kitten, male, female or neuter, between the ages of four and eight months on the opening day of the show."

"Of each color, recognized as entitled to championships, the winning male in the Open Class shall compete with the winning male in the Novice Class, and the better of the two shall be awarded the championship points at that show for his color and type, and shall be known as the 'Winner,' receiving the winner's ribbon. The winning female in the

Open and the one in the Novice shall be similarly compared and the points allotted.

"The following colors are recognized as entitled to win championship honors at shows sanctioned by this Federation:

White (blue-eyed), black, blue, red, silver, shaded silver, silver tabby, smoke, red tabby, cream, brown tabby, tortoiseshell.

"The colors above enumerated are applicable to both the long and short-haired, and in addition championship points may be won at sanctioned shows by Siamese, Manx, Russian, Australian and Abyssinian cats.

"At sanctioned shows the winners of championship points shall be allotted one point for 50 or more, two points for 100 or more, three points for 125 or more, and four points for 150 or more, cats and kittens present and competing. Special ratings for specialty shows may be allotted as follows: Two points for 25 or more, three points for 40 or more, four points for 50 or more, cats and kittens, present and competing."

SCALE OF POINTS

Color	25
Coat and Condition.....	25
Head (including size and shape of eyes).....	20
Type (including shape, size, bone and length of tail).....	20
Color of Eyes.....	10

The rules and terms of the American Cat Association vary somewhat from these. At some future date we expect to print them.

THE SPRINGFIELD SHOW

The Springfield Cat Club held a show on September 18th and 19th in connection with the Eastern States Exposition, which is similar to the Canadian National Exhibition, Syracuse State Fair and others. There are several large permanent buildings, some temporary ones, and the rest of the exhibits are housed in tents. The tent for the cat show, used also for the dogs later in the week, was much more roomy than we usually have. The grounds are on the opposite side of the Connecticut River from the city, and are reached by crossing a very handsome new concrete bridge.

Mr. George Foley, the dog show manager, was also manager for the cats, but in rather an honorary capacity, as Mrs. Wallace Day did most of the preliminary work, and was ably assisted at the show by Mrs. Richmond, Mrs. De Nault and other members of the club.

Best Cat in show and Best Novice went to Miss Hydon's Lavender Supremacy, her own breeding, a cat of fine type and bone, excellent head

and face, good eye-color, nice even blue, rather light or medium, and sound, as far as a rather short coat went. Miss Hydon also captured Best Kitten with Lavender Eros, showing much the same qualities as the older cat.

Second Best Cat went to Mrs. Mabel Haskell's Liberty Boy, a huge white fellow, with heavy bone, particularly good in skull and legs, and with good blue eyes.

Best Female was awarded to Mrs. J. F. Jenkins' nice little white novice Mistletoe Boughs' Bud, rather small, but well shaped, with pretty, round face and the best blue eyes. Reserve Best Female was won by Miss Josephine Campbell's Tinkertwo red tabby, a good-sized queen, nice color and well marked, but in very short coat.

Best Kitten of Opposite Sex was carried off to Boston by Mrs. C. E. Marshall's Yankee Black Witch—a jet-black kit in good coat and with fine eye-color.

Miss Phyllis Street, of New Haven, showed a team of nice solid reds, very even in color.

Classes for Mother Cat with Kittens, as usual, attracted the visitors.

Mrs. Day's white queen, Judy Chatterton, and her four blue-eyed infants winning the specials for Best. Of the local exhibits the whites were easily best, and probably most numerous, although there were some litters of very attractive silvers.

The weather was fine, and altogether, for a first effort, the show may be considered a success.

J. R. Kroeh, Judge.

CLOSE IN-BREEDING

BY D. B. CHAMPION

It is with regret that I notice Mrs. Shannon D. Smith advocating close in-breeding. In my article in the May issue I warned novices against close in-breeding, and I do again; old fanciers might also be included in the warning. Some of the strains that Mrs. Smith speaks about as being improved by such in-breeding are the very ones that are producing numerous deformities to such an extent that an out of town breeder remarked to me the other day: "No; do not mention that strain; we have too many kinks in our vicinity now." Yet, this is one of the strains mentioned as fine.

It is not causing any trouble now by starting to in-breed brown tabbies, but in years to come, if the practise is continued, there will be deformities in brown tabbies, just as there are in the silvers to-day. We have bred silvers for more than twenty years, and our stock is entirely free from deformities. One in-breeding and then out-crossing or never mating to the same cat twice will not produce deformities. And if Mrs. Smith could have followed up the Argents that we did in-breed she would find that we never in-bred closely more than once, the resulting kittens were then sold to

out-cross. But, to take a cat that is already closely in-bred twice and keep on in-breeding on that strain can only cause the spoiling of beautiful specimens by deformities. For several years I have been trying to obtain mates for my silver males, but though they are unrelated to them those that have been available are so in-bred themselves that deformed kittens are the result after the first or second matings, and I have to breed them away from my own kennels. So I would like again, for the benefit of the cat fancy, to strongly warn all from closely in-breeding, and do not in-breed at all with stock that is already closely in-bred.

It must be remembered that many people do not tell about all the failures and deformities; in fact, many kittens die the second day because of cleft palates when it is supposed that they succumbed from delicacy, or that the mother cat laid on them.

Of course, I did not suppose for a moment that any of the associations would prevent closely in-bred cats from being registered, and yet what a safeguard to the fancy it would be! I could mention several well known fanciers who have given up breeding cats on account of being unfortunate enough to have purchased closely in-bred stock. Scientists have proved that of all animals cats are the worst to in-breed.

Mrs. Joseph Richmond, Springfield,
Mass., has sold one of her pale, un-
marked silver kittens to Mrs. C. R. Car-
roll, of Amherst, Mass. These kittens
are sired by Mrs. Richmond's Pyndom
Reveille, and the mother, bought from
Mrs. F. G. Hilles, of Seattle, Wash.,
combines the Argent, Winter, Holden
and Dyke strains.

The Pacific coast has been brought
near in a very pleasant way by the visit
of Dr. Libbie W. Ashcroft, of Glendale,
California. Dr. Ashcroft spent an even-
ing with us and our pets, but it was not
nearly long enough. We had the pleasure
of seeing her other times afterward and
of meeting Mr. Ashcroft—each time
making the next more desired.

Dr. Ashcroft purchased Miss H. E.
Brown's It-Too Flag, son of Ch. Cran-
reuch II and Queen Bess Flag, while in
New York and had him with her in
their state room sailing to New Orleans.
She writes: "He could not be nor behave
better. We love him as if we had raised
him." It-Too is a pale silver and won
the blue ribbon in his kitten class at the
Empire Cat Club show last Winter.

We were pleased to note among the
entries at the Royal Canadian Cat Club
Show a number of American competi-
tors and we hope to make the inter-
national aspect of our show an outstand-
ing feature.

We were much pleased to have with
us at the show Mrs. G. D. Kessler, of
Chicago, president of the Beresford Club
and secretary of the American Cat Asso-
ciation, and it afforded the officers and
members of our club a very great pleas-
ure to have the privilege of intercourse
and interchange of ideas with one so
prominent in connection with the devel-
opment of American Cat organizations.

Among our many prominent Canadian
visitors none was more welcome than
Mrs. Hilton of Montreal, Editor of the
"Pets' Gazette."

Since the Vancouver Show, in Au-
gust, Mrs. E. S. Chambers has made
some good sales. Ch. Cams Buzzer
has gone to make his home with Mrs.
Woodcock. Creme du La't to Mr.
Parnwell, and an orange male and a
cream female kitten have been shipped
to Calgary, Alberta. A little blue tor-
toiseshell is going by later delivery to
Mrs. Bowling, of Langley Fort, B. C.

Mrs. Chambers has lately purchased an orange tabby female, sired by Ch. Tornado of the Fox Valley, and a tortoiseshell, and will use her as an out-cross for her Red Briar stock.

Miss Hanson, of Empire Cattery, has returned to England for an indefinite time, and Miss Leech may follow before the end of the year. Miss Robson, who bought their lovely prize-winning silver male kitten at the last Chicago show, has their stud Empire Silverkinn in her care, and also has some of their queens. Mrs. McFarland, of Montreal, has some of their blues, among them Empire Blue Betty.

We have received such an all-around pleasant letter from Mrs. F. S. Matthews of Homestead, Florida, that we hardly know which part to print. Mrs. Matthews had made a deposit long ago on a kitten of Mrs. R. P. Spellman's, Schenectady, New York, but this kit grew darker instead of lighter, as expected, so Mrs. Spellman gave her customer the opportunity to look elsewhere. We had happened to mention, in a letter, a cat of Mrs. Armbruste's, Jacksonville, Florida. Mrs. Matthews took this up and wrote to Mrs. Spellman, who at once returned the deposit and advised Mrs. Matthews to secure this cat—it was a son of her Ch. Roblyn of Claremont. So Luna Glow was bought and his new owner writes, "We are much pleased with him, in particular with his brush, his face, and his sweet disposition. Luna Glow is just what we want and I don't know which to feel the more grateful to, Mrs. Spellman or you. I am so glad that you are one of the kind that is generous with your praise of other cats."

ROYAL CANADIAN CAT CLUB

Mrs. Crofton was the hostess at her charming home, 151 Howard Park Avenue, Toronto, to the members of the Royal Canadian Cat Club, on Friday, September 28th, 1923.

The weather was inauspicious, and no doubt prevented many of the members being present, but a warm and cordial welcome awaited those who braved the elements.

The routine business of the club was disposed of in due course, special attention being given to reports of the show and suggestions in regard to the future policy of the club.

Mrs. Crofton's beautiful silver tabby

"Duke" appeared to appreciate the importance of the occasion, manifesting a deep interest in the proceedings from a vantage point on the grand piano, and while refreshments were being served quietly moved among the guests in a delightfully solicitous manner.

Having disposed of the various items of business the meeting then adjourned, and will meet again in October at Miss Menzies' home.

B. C. Marwood, Corresponding Secretary.

CHICAGO PERSIAN SOCIETY INCORPORATED

The members of the Chicago Persian Society held their October meeting at the home of Mrs. Chapman. The regular routine of business was transacted and matters pertaining to our coming show were attended to. A large sum of money has been offered for special prizes, along with specials and several one-win cups. A transportation committee has been arranged to look after out of town guests.

We have arranged to have a display of saleable stock on the floor the entire week.

Special prizes have been offered in the short-hair divisions and every effort has been put forth to make a one point for short hairs.

Mrs. S. J. Chapman, Rec. Secretary.
